Experience

Tour Guide • Suimoa • July 2026–Present

I plan, recruit for, and lead tours in New York City, using my experience as a New York City native to connect tourists with exciting locations, food, and other culture.

Event Organizer • Freelance • May 2026–Present

I plan, advertise, organize, cater, and execute events for young Jewish singles.

Programmer • Freelance • February 2024–Present

I write games and tools in Swift, Node.js, and Python, sometimes assisted by AI.

Music Producer * Freelance * January 2019–Present

I produce, record, and compose music, including for the griot Fode Sissoko and over 80 songs for myself. Listen to samples on my website.

Game Architect * Freelance * November 2019–Present

I provide the architecture for over 40 games, ranging from video games to pen-and-paper games, including tools to let others create their own games.

Artist & Writer * Freelance * July 2017–Present

I write original works and fan stories, the latter under the pseudonym Wikikinetic. I also draw for my works, including comics, covers, concept artwork, & game maps.

Wiki Team Member * Fandom * August 2019–October 2019

I created wikis (including a team resources wiki), maintained them, built communities, and introduced company practices like taking meeting minutes.

AI Trainer/Generalist • micro1 • September 2026–October 2026

I provided valuable insights across a range of topics, including critical thinking skills, meticulous attention to detail, and a commitment to excellence in communication, applying my expertise to help train next-generation AI systems learn, reason, and perform through high-quality, real-world input.

Education

Home School * 2007–2019

Independently educated from first grade through high school. My learning has been largely self-directed, enabling me to explore topics of most interest to me.

Volunteer Experience or Leadership

Fandom * July 2017–Present

I created, managed, and heavily contributed to various Fandom wikis on topics that interest me. Key accomplishments:

- Created & maintained 2 wikis—one for 2018 Game of the Year Celeste—for 2 years
- Combined several inactive communities on the same topic—each with no userbase to speak of—into a single flourishing community with 100+ members

Wikipedia * January 2017–November 2024

I made over 3000 edits to over 1000 pages on Wikipedia, all under my real name. Key accomplishments:

- Maintained the page for the chart-topping Indian TV series Naagin, which I edited to a high standard of quality for 1 year
- Contributed graphical assets to the site as part of a project dedicated to that
- Copyedited hundreds of pages, some as part of a multi-user copyediting project and some on my own recognizance
